

ACKNOWLEDGEMENT

We express our profound gratitude to **Dr. B R Lakshmikantha, Principal, DSATM, Bangalore**, for providing the necessary facilities and an ambient environment to work.

We are grateful to **Dr. Sumithra Devi K A, Dean Academics and Head of Department, Information Science and Engineering, DSATM, Bangalore**, for her valuable suggestions and advice throughout our work period.

We would like to express my deepest gratitude and sincere thanks to our guides **Dr. Seemanthini K, Assistant Professor, Department of Information Science and Engineering, DSATM, Bangalore**, for her keen interest and encouragement in the project whose guidance made the project into reality.

We would like to thank all the staff members of **Department of Information Science and Engineering** for their support and encouragement during the course of this project.

Definitely most, We would like to thank our parents, all my family members and friends, without whose help and encouragement this project would have been impossible.

ABSTRACT

This is an online application to store information about the NASA (National Aeronautics and Space Administration). Where an Admin can maintain the information about the Scientists and which department they belongs to. It also keep track of Missions which are launched by NASA and also people who are going to visit the NASA. This application helps the Administrator to add new Scientists , Missions and Department. This Application also gives clear view of the Scientists who are currently working in NASA and which department they are working for, And also it will store the information about the missions. A new visitor can register and login, which helps Admin to know the people who are visiting and for what purpose they are visiting the NASA.
